—WONDERFUL CURES—

OF THE CELEBRATED

Franklin Howes' Medical Discovery,

Which has won itself into public favor entirely on its merits, and has made a wonderful record of nearly twenty years.

As a Blood Purifier and Spring Tonic it has no equal, restoring the Nervous System by building up the general health, and thereby producing sound and healthy sleep. It is adapted both alike for Children and Adults, and can be taken by the weakest stomach.

It contains no Minerals, Drugs, or Poisons of any kind, and unlike most so-called Blood Remedies, it is entirely free from Potash, Mercury, Whiskey, Aloes, and the like, but is

COMPOSED STRICTLY OF ROOTS AND HERBS.

It does not PHYSIC or DEBILITATE, and at the same time it acts gently on the Liver and carries off the bile without the usual debilitating effects of a cathartic.

USED AND RECOMMENDED BY LEADING PHYSICIANS, CLERGYMEN AND PROMINENT CITIZENS ALL OVER THE COUNTRY.

Letter from a Lexington Avenue lady, which she wishes published for the good of others.

1220 LEXINGTON AVE., NEW YORK, May 10th, 1887.

MR. FRANKLIN HOWES—*Dear Sir:* I am convinced that for the benefit of other sufferers I ought to make known the wonderful efficacy of your "Medical Discovery." About two years ago, while I was residing in England, my complaint first came on with severe pain and inflammation below the knee, which became so alarming that I was obliged to seek medical aid. My doctor led me to suppose that it was simply a muscular sprain, and that with a little care and attention it would shortly recover; but in this he was mistaken as the limb continued to get worse until it swelled to an immense size, and the ankle became very big and painful. This continued until a large abscess formed where the pain first commenced; then he lanced and thought to draw all the puss off. But this was not possible because as fast as the matter was taken away more came, and I was becoming very weak from the constant drain. So my friends thought it best to call in another physician, and he treated me with no better success than the former had done, and so I continued until I had been under six doctors, and the last was the Senoir Surgeon of Westminster Hospital. But it was in vain that he cut and probed the limb, for it only grew worse, and then he said that it seemed *incurable*, and that "he thought it would be best for me to have it amputated." To this I would not consent; so after suffering for about eighteen months, I gave up all hope of being cured, and came to this country to see if I could get any relief. It was about two months after my arrival here that a lady told me about your valuable medicine. I had no faith in any remedy when I commenced taking the Medical Discovery, but in less than a fortnight there was such an improvement in my health, that I felt your medicine would cure me. It healed the wound and drove all those offensive humors out of my system. I have not yet finished taking the *second* bottle, and I can walk about the room without any assistance whatever; truly, it acts like magic, for I was often told that the wound would never be healed, as the bone was quite decayed. But thank God, my sufferings are over, and it is you I am indebted for my restoration to health and strength.

I am, dear sir, yours sincerely,

Miss H. E. CONLAN.

[Miss Conlan resides now at 6 Moslyn Road, Brixton, Surrey, London, England.]

Rheumatism Cured.

A WOMAN 68 YEARS OLD ENTIRELY CURED ON SEVEN BOTTLES OF
Howes' Discovery.

PEEKSKILL, N. Y., July 23d, 1889.

MR. FRANKLIN HOWES—Dear Sir—I am convinced that for the benefit of other sufferers I ought to make known the wonderful efficacy of your "Medical Discovery." About three years ago I was taken with a very bad case of Rheumatism, so that I could scarcely get out of my chair, or walk across my room or get in bed, and when in bed it was a great effort for me to turn over, I suffered so much pain. My rheumatism was located in my knees, and they were swollen terribly. I called my family physician, but I seemed to get no better, and then I tried every medicine that was recommended, but I seemed to get no relief, and I came to the conclusion that I was going to be

A CRIPPLE FOR LIFE.

But about this time Mr. Howes was sent to me by a friend and I concluded to try his "Medical Discovery," but which I confess I had very little faith in, for I thought it was like all *patent* medicines. The first bottle did so much good that I have kept on taking, until now I have taken *seven* bottles and I am like another person. Can do my own work, washing, and ironing for myself and husband, and am 68 years old. I am thankful to Almighty God for sending Mr. Howes to me with his Discovery.

Very truly yours,

MARY J. PURDY,
South Street, Peekskill, N. Y.

Gloversville, N. Y.

Salt Rheum, Eczema, Erysipelas, Cured by Howes' Discovery.

Merritt Holley, formerly of Gloversville, N. Y., now of Travers City, Mich. From the age of six months until 20 years old was the victim of Erysipelas and Salt Rheum. When he began the use of the "Discovery," the doctors declared his case incurable, and that the effort to cure him was as futile as to undertake to raise the dead. After taking eight bottles, eight years ago, he was a perfectly well man, and has been so ever since.

Mrs. John Fulton, Bleecker Street, Gloversville, N. Y. Four bottles cured her of Salt Rheum of 18 years' standing. She recommends it to everybody. Has been cured five years.

Mrs. Horace Ash, 35 Marshall Avenue. A wonderful cure of Salt Rheum.

L. Caten, Esq., says: Franklin Howes' Medical discovery has been of great benefit to me. I was troubled with my Stomach, Liver and Blood. My system was reduced owing to a torpid state of my blood. I can say it has done wonders for me, and I consider it an *honest* and *pure* remedy. I have recommended it to my friends, who speak very highly of its merits. L. CATEN.

A. J. Kasson, (Kasson's Opera House): Had Stomach and Liver trouble; was sick for several years. During July and August I had to wear an overcoat to keep warm, owing to torpid state of the Stomach, Liver and Blood. I was influenced to take Howes' Medical Discovery, which has restored me to perfect health. I owe my life to this valuable medicine. I advise all who are suffering to try it. A. J. KASSON.

Still Another Cure of Rheumatism.

Gentlemen: Having had Rheumatism for over two years' and constantly growing worse, not getting the least particle of relief from numerous Physicians and Remedies, recommended and tried, I procured through a friends recommendation a bottle of your *Medical Discovery*, and took it *exactly according to directions*, it lasted six weeks and three days, at which time I found myself much better, and have now used four bottles, and am so much better that my friends all congratulate me on my good fortune in finding such a noble remedy for this distressing complaint. I wish to state that after I began taking the "Discovery," that I was not afflicted with even the slightest cold, and I attribute this to the blood purifying qualities of your preparation. I shall continue using your it until I am entirely cured, as my faith is such, confirmed by results thus far, that I believe a few more bottles will accomplish the desired end. I can and do most cheerfully recommend it to all who are suffering as I have been. Yours respectfully,
